

**GET YOUR  
FLU SHOT  
BEFORE THE FLU  
GETS YOU!**

## Benefits

Flu shots **reduce** the risk of flu illness by **40-60%!¹**

 facebook.com/CampusHealthCenter

 @WSUCampusHealth

 @campushealthcenter

## Safe

They are completely **safe**. Extensive data and research has supported this fact.

## How Often

Last year's flu shot will **not** be effective this year as the strains are constantly evolving. Protect yourself every **year!**
